**Official Communication - 1001 Miglia Italia TEAM
04.05.2020 - Nerviano/Parabiago – Italy**

The following communication is direct to all the cyclists officially registered to the 2020 edition of the 1001 Miglia Italia.

The organizing committee, after the discussions with various competent authorities, following the national regulations issued and internal evaluations relating to the organization of the 1001 Miglia Italia Green Reverse 2020 edition, defined and proceeds with the CANCELLATION of the event.

At the same time, we have chosen to reschedule the event in the following year in the same period, from 16 to 22 August 2021.

The decision was difficult and required in-depth reflections and consultations: our will is to contribute to the protection of public health, given that the situation is still worrying and complex, both on Italian territory and in the rest of Europe and others Continents.

Currently, the regulations in force in Italy prevent the movement of people between the different Italian regions and limit the entry of foreign people from other countries by requiring a quarantine period (14 days) after entering Italy.

These limitations - independent of our organization will - actually prevent us from carrying out the sporting event 1001 Miglia Italia GREEN REVERSE in the year 2020.

We want and have to look to the future with a positive attitude, including all the Italian and foreign cyclists friends from all over the world - in this edition there would have been more than 650 cyclists! - bicycle lovers and eager to meet in the "most beautiful country in the world" and to get together by sharing the spirit of the randonnées.

We give to all the cyclists registered for the 2020 edition the opportunity to confirm their registration for the 2021 edition, without any additional cost.

Cyclists - who by their own choice will not or will not be able to participate in the 2021 edition - will be refunded part of the registration fee (following the Regulations - Article 4 and Article 20), as well as, the total fee already paid for the Bag Drop service (if required and paid by the cyclist at the time of registration).

This according to Article 4 and Article 20 of the Regulation (published on the official website www.1001migliaitalia.it):
"In the event of cancellation of the 1001 Miglia Italia 2020 event due to circumstances beyond its control, not due to the organizer, the participants will be reimbursed with a flat rate of 100,00 EURO, without any additional compensation. No other compensation will be paid."
